

RISHITHA CHAPPIDI

Artificial Intelligence & Data Science Student

☎ 9989497611 ✉ chappidirishithaa@gmail.com 🌐 LinkedIn 🐙 GitHub 📍 Coimbatore, India

PROFESSIONAL SUMMARY

Artificial Intelligence and Data Science student with hands-on experience in **machine learning**, **data analytics**, **computer vision**, **robotics**, and **IoT**. Developed academic and team projects focused on **intelligent systems**, **autonomous robotics**, **edge computing**, and **data-driven applications**.

WORK EXPERIENCE

Data Analytics | Internship

NextEra Private Limited

Jul 2026 - Present

Remote • Online

- Analyzed and processed datasets to identify trends and generate actionable insights.
- Created data visualizations and analytical reports with accuracy 99%

Technologies / Skills Used : Python, Data Visualization, Problem Solving

EDUCATION

Amrita Vishwa Vidyapeetam | Coimbatore

B.Tech

2024 - 2028

CGPA : 8.25/10

Machine Learning, Data Structures & Algorithms, Linear Algebra, Database Management Systems, Control Systems, Quantum Algorithms

PROJECTS

Satellite Attitude Control System | Control Systems Project

Jun 2026 - Present

Control Systems Developer

- Developed a spacecraft attitude-control simulation to regulate satellite orientation using feedback-based control techniques.
- Modeled spacecraft dynamics and analyzed controller response, stability, and tracking performance.

Technologies / Tools Used : Matlab, Simulink

ANTBOT — Hexapod Robot

2025

Robotics & Control Systems Developer

- Validated locomotion through simulation and physical testing; project work contributed to a research publication
- Publication : <https://doi.org/10.1109/ICAECT68478.2026.11426098>

Technologies / Tools Used : Hardware, Sensors, Surveillance, Servo Motors

LegalRAG — Document Analysis

2026 - Present

NLP / RAG Developer

- Developed a retrieval-augmented system for analyzing and retrieving information from legal documents.
- Applied semantic representations and language models to support document retrieval and question-answering.

Technologies / Tools Used : RAG, LLM

SKILLS

Programming Languages : C, JavaScript, Java, Python, Kotlin, SQL

Frameworks & Libraries : Scikit-learn, Pandas, NumPy, OpenCV, PyTorch, TensorFlow

Tools & Platforms : GitHub, Linux, Docker

Soft Skills : Teamwork, Communication, Leadership, Time Management, Collaboration, Decision Making

CERTIFICATIONS

Getting Started with Generative AI - **IBM**

Agentic AI - **Oracle Certified Foundations Associate**

Data Science Essentials With Python - **Cisco Networking Academy**
